Director's Meeting

Thursday, 6 December 1951

[REDACTED]

25X1

The DCI raised a question as to the terms under which INS proposed to install a ticker in CIA as noted in the Log. Mr. Wolf said that he would inquire into this.

[REDACTED]

25X1

25X1 The DCI inquired respecting project [REDACTED] and after some discussion stated that he would not approve it until it had received the approval of PSB. In this connection, the DCI noted that he was not prepared to spend [REDACTED] for a project unless he had some assurance that we were prepared to go forward in subsequent years.

25X1

In answer to an inquiry by the DCI Mr. Wisner reported that the OPC books for PSB would be ready for consideration by the DCI Monday next. Mr. Dulles would look them over over the weekend.

25X1 The DCI inquired with respect to project [REDACTED] and after it had been explained by Mr. Wolf, who noted that it was subject to continuing review, the DCI approved subject project.

25X1

25X1 The DCI also inquired respecting Communications project relating to development of [REDACTED] and, after it had been explained, approved subject project.

25X1

25X1

25X1 There was a discussion initiated by the DCI and participated in by Messrs. Wolf, [] and Jackson with respect to support for covert services. Mr. Wolf reported some progress in working this out. The DCI commented that with respect to money and materiel he looked to Mr. Wolf and would honor his signature. Any arrangements would have to make provision for approval by Mr. Wolf.
